Who can we call in case of an emergency?

Name: _____ Relationship: _____ Phone: _____

Permission to Use and Share Health Information

For Treatment, Payment, or Additional Care

I understand...

- As part of my care, ENTOffice.org creates and keeps my health record. This record includes my health history, why I am being seen as a patient at ENTOffice.org, what I talk about with the doctor, nurse, or medical assistant, any tests I have done, and what the doctor plans for my treatment.
- I am giving permission for my insurance company to pay ENTOffice.org for any surgical and/or medical benefits available to me under my current insurance plan.
- I know that (unless I am covered by Medicaid) I am responsible for the part of my bill insurance does not cover.
- Due to individual policies and plans, treatment may be subject to deductible and/or coinsurance. By signing this agreement, I acknowledge I am responsible for these charges.
- I have certain rights to privacy about my health information. This is because of the Health Insurance Portability and Accountability Act (HIPAA) of 1996. I understand that by signing this form I give permission for ENTOffice.org to use and share my protected health information to do the following:
 - Treatment (the action, medicine, or therapy) ordered by the doctor
 - Talk with other doctors or people responsible for my care
 - Getting payment from my insurance company
 - Showing my insurance company what the doctor did at my visit
 - Making sure ENTOffice.org can measure the ability and effectiveness of the doctors, nurses, and medical assistants.
- ENTOffice.org has the right to change the terms of this notice from time to time and that I may contact you at any time to get the most current (up to date) copy of this form and the Notice of Privacy Policies.
- I have the right to ask for changes to (or limitations on) how my protected health information is used and shared in order to treat me, collect payment, and carry out other health care actions.
- ENTOffice.org is NOT required to agree to the changes I ask for. However, if ENTOffice.org does agree, it must follow the changes I ask for.

I have also been informed of and given the right to review and secure a copy of the Notice of Privacy Policies, which:

- Has a better description of the uses and sharing of my protected health information,
- Talks about my rights under HIPAA.

I understand that I may cancel or take back this permission, in writing, at any time. However, any use or sharing of my information that happened before I take back permission is not changed.

Cancellation Policy/No Show Policy For Doctor Appointments and Surgery

1. Cancellation/ No Show Policy for Doctor Appointment

We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment.

On the other hand, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly “full” appointment book.

- If an appointment is not cancelled at least 24 hours in advance you may be charged a twenty-five dollar (\$25) fee; this will not be covered by your insurance company.
- If you no-show (do not show up) to an appointment without notifying us, you may be charged a twenty-five dollar (\$25) fee; this will not be covered by your insurance company.
- If you no-show to an appointment more than one time, we may send a note informing your regular doctor (PCP) and we will ask that you establish care somewhere else.

2. Late Arrival for Scheduled Appointments

We understand that delays can happen, but we must try to keep the other patients and doctors on time.

- If you arrive 15 minutes after your scheduled appointment time you may need to reschedule the appointment.
- If you are late to your appointment 3 or more times, we may inform your regular doctor (PCP) and ask that you establish care somewhere else.

3. Cancellation/ No Show Policy for Surgery

Due to the large block of time needed for surgery, last minute cancellations can cause problems and added expenses for the office. This also prevents other patients from receiving necessary care/treatment.

- If surgery is not cancelled at least 48 hours in advance you may be charged a one hundred dollar (\$100) fee; this will not be covered by your insurance company.
